# Welcome to Norton Empower

At Norton, we are all about supporting our resellers – with award-winning products trusted by millions of people around the globe and now also the Norton Empower Reseller Program, one of the best revenue and profit opportunities for you!

Please use this guide to assist your understanding of the Norton Empower Reseller Program.

The screenshot shows the Norton Empower Reseller Program sign-in interface. At the top, the Norton logo is displayed. Below it, the text "Sign in" is centered. There are two input fields: "Username" and "Password", each with a red lock icon to its right. Below the password field is a "Remember me" checkbox. Underneath is a reCAPTCHA widget with the text "I'm not a robot" and a checkbox, along with a reCAPTCHA logo and links for "Privacy" and "Terms". A large yellow "Log in" button is positioned below the reCAPTCHA. At the bottom of the form area, there is a blue link for "Forgot password?". At the very bottom of the dark blue frame, a small line of text reads: "The Norton brand, products and services are part of NortonLifeLock Inc."

# Why Norton?

With our trusted brands, products and services, we continue to evolve as emerging cyberthreats do. Our technology is powered by a team of experienced experts dedicated to staying a step ahead of what's next to help keep people Cyber Safe. Our award-winning solutions span cross multiple categories that protect approximately 80 million users around the globe.

---

# Digital Life is Life

# Norton Empower Program

Our passion is more than just offering device security, identity protection, online privacy, and all-in-one protection. It's to empower your customers and their families to feel safer in their everyday digital life. We believe that when they worry less about the darkness of cybercrime, they can live on the bright side. So, we wanted to make selling protection for you easier and rewarding by introducing the Norton Empower Reseller Program.

# Empower Reseller Portal

As a member of the Norton Empower Reseller Program it is easy for you to keep track of your revenue share, licenses sold and activations: [EmpowerReseller.Norton.com](https://EmpowerReseller.Norton.com)

The user-friendly Empower Reseller Portal allows you to manage everything in one place:

- Place orders and download License Keys for Norton products with just a few clicks\*
- Keep track of all your orders, as well as active subscriptions, via a clear and comprehensive overview
- Renew your customers' subscriptions
- Find out how much revenue share you've got coming
- Claim your revenue share easily through the Reseller Portal\*\*
- Easy access to Marketing Assets

The screenshot shows the Norton Empower Reseller Portal interface. At the top, there's a navigation bar with the Norton logo and links for Orders, Subscriptions, Invoices, Revenue Share, Marketing Assets, and Support. Below the navigation bar, the main heading is 'Claims - Revenue Share' with a sub-heading 'View and claim your revenue share.' The main content area is divided into two sections. On the left, there's a table titled 'Lastest Transactions' with columns for Type, Date, Rev Share %, Amount, and Balance. The table contains five rows of data. On the right, there's a summary card showing 'Total Claimed: €205.00' and 'Available to Claim: €610.00' with a 'Claim revenue' button. Below this, there's a section for 'Claim ESD or Physical Goods' with a 'Claim Keys' button. The footer of the page contains the Norton Empower Reseller Portal logo and copyright information.

TYPE	DATE	REV SHARE %	AMOUNT	BALANCE	
Earned	07 Mar 2022	15%	+€130.00	€610.00	
Earned	27 Feb 2022	15%	+€180.00	€480.00	
Earned	02 Feb 2022	15%	+€300.00	€300.00	
Claimed	07 Jan 2022	-	-€205.00	€0.00	Claim ID: E14-1646625012
Earned	16 Dec 2021	15%	+€205.00	€205.00	

\* Not available in all countries. Only available where you are authorized for direct ordering.

\*\* Partner must have \$USD100 (or local currency equivalent) in revenue share account before requesting revenue share. Requests can be made every 30 days.

# Revenue Share

Once you enroll in the Norton Empower Reseller Program, you'll be eligible for revenue share when your end user renews its Norton product directly on the Norton eStore for up to three successive renewal years\*. This includes cross-sell and upsell product transfers.

Norton will actively market to end users to make sure that they're getting the protection they need. If this results in the end user purchasing a more robust product, Norton will reward the partner that introduced that customer with a revenue share. For example, a customer purchases Norton Antivirus Plus from a reseller. Six months later they upgrade to a more robust product via the Norton eStore. For the following 3 renewal years partner will qualify for revenue share on any successive renewals through the eStore.\*\*

\* Subject to the Last Touch principle - ie the Partner remains the Partner of record.

\*\* With Product Transfers, end users may have a combination of annual, 24-months and monthly renewals but eligibility for revenue share is limited to 3 years. If the Last Touch Principle applies, then this will start the renewal count from zero.

---

# Revenue Share (cross-sell)

In the case of a cross-sell, you will get revenue share on the acquisition of the cross-sell product and be eligible for three years revenue share on the new sale as long as it occurs during the initial revenue share period. For example, a customer purchases Norton Antivirus Plus from you. Two years later, the customer visits the Norton eStore and purchases Norton Secure VPN. Norton will share revenue on the acquisition of the Norton Secure VPN with you and for a further three years of renewals.<sup>†</sup> You will remain eligible for revenue share on the Norton Antivirus Plus for the remainder of the original 3-year renewal period.

<sup>†</sup> Norton will pay on cross-sell as long as the cross-sell happens within the initial revenue share period.

# Revenue Share via Empower Portal

- You buy the Norton Empower-enabled product key (ESD) on the portal.
- You sell the product to your customer.
- Your customer renews the license online on the Norton eStore.
- This will qualify for revenue share at up to 25%\* which will show in your revenue share account.
- You can keep track of your growing revenue share via the Norton Empower Reseller Portal\*\*

\* Revenue share is payable on up to three years of renewals on Empower-enabled products. Revenue share percentages may vary based on your geographic location and Empower Reseller membership level. The actual percentage will be as specified on your account on the Norton Empower Reseller Portal.

\*\* You will have the opportunity to claim missing transactions on the Norton Empower Reseller Portal provided you do so within 10 months of the transaction and we can verify your claim.

Copyright © 2022 NortonLifeLock Inc. All rights reserved.

# Revenue Share via Distributor

Your distributor will scan the unique bar code on the product carton before shipping to you. This identifies each product in the carton and assigns them to you. When the distributor reports back, these products get assigned to you in our systems.

- You sell the product to your customer.
- Your customer renews the license online on the Norton eStore.
- This will qualify for revenue share at up to 25%\* which will show in your revenue share account.
- You can keep track of your growing revenue share via the Norton Empower Reseller Portal.\*\*

The image displays two screenshots of a web interface titled "Claim ESD or Physical Goods".

The top screenshot shows the "Card ID" option selected (indicated by a blue dot). Below the selection are two radio buttons: "Card ID" (selected) and "Carton ID". A text input field labeled "Enter identifier number" is present, followed by a yellow "CLAIM" button. A checked checkbox labeled "Range selection" is at the bottom.

The bottom screenshot shows the "Carton ID" option selected. Below the selection are two radio buttons: "Card ID" and "Carton ID" (selected). Two text input fields labeled "Start" and "End" are separated by a hyphen, followed by a yellow "CLAIM" button. A checked checkbox labeled "Range selection" is at the bottom.

\* Revenue share is payable on up to three years of renewals on Empower-enabled products. Revenue share percentages may vary based on your geographic location and Empower Reseller membership level. The actual percentage will be as specified on your account on the Norton Empower Reseller Portal.

\*\* You will have the opportunity to claim missing transactions on the Norton Empower Reseller Portal provided you do so within 10 months of the transaction and we can verify your claim.

# Norton 360 Premium

- Real-time Threat Protection for your Devices Multi-layered, advanced security helps protect against existing and emerging malware threats to your devices, and help protect your private and financial information when you go online.
- Secure VPN Browse anonymously and securely with a no-log VPN. Add bank-grade encryption to help keep your information like passwords and bank details secure and private.
- Dark Web Monitoring We monitor and notify you if we find your personal information on the dark web.<sup>3</sup>
- Password Manager Easily create, store, and manage your passwords, credit card information and other credentials online – safely and securely.
- 100GB Cloud Backup Automatic, secure cloud backup for PCs – to store and protect important files and documents against hard drive failures, stolen devices and even ransomware.<sup>‡‡, 4</sup>
- Parental Control Manage your kids' activities online. Help them explore, learn, and enjoy their connected world safely.<sup>‡</sup>
- SafeCam Get notified if cybercriminals try to use your webcam, and we can help block them.<sup>5</sup>
- School Time Remote learning requires the internet, so pausing the internet on your child's device is not an option. Manage your child's remote learning environment and keep your child focused while school's in session.<sup>‡‡, 6</sup>

<sup>‡</sup> Parental Control can only be installed and used on a child's Windows PC, iOS and Android devices but not all features are available on all platforms. Parents can monitor and manage their child's activities from any device – Windows PC (excluding Windows 10 in S mode), Mac, iOS and Android – via our mobile apps, or by signing into their account at my.Norton.com and selecting Parental Control via any browser, except Internet Explorer.

<sup>‡‡</sup> Requires your device to have an Internet/data plan and be turned on.

<sup>3</sup>-Monitored information varies based on plan. Feature defaults to monitor your email address only and begins immediately. Sign in to your account to enter more information for monitoring.

<sup>4</sup>-Norton Cloud Backup features are only available on Windows (excluding Windows 10 in S mode, Windows running on ARM processor).

<sup>5</sup>-Norton SafeCam features are only available on Windows (excluding Windows 10 in S mode, Windows running on ARM processor).

<sup>6</sup>-School Time use reports do not monitor the time spent on iOS devices.

# Norton 360 for Gamers

Norton 360 for Gamers maximizes your PC's gaming performance and strengthens your security at the same time. Designed by gamers, our advanced, multi-layered technology will help secure PCs and devices, protect privacy, and monitor the dark web for gamertags—all with fewer notifications. Plus, many gamers turn off their antivirus protection when gaming because it slows the game down. Game Optimizer is our solution for that.

- Game Optimizer maximizes game performance by dedicating CPU cores to the game on PCs with multi-core CPUs. By isolating non-essential apps to a single CPU, it allows the rest of the CPUs to be allocated to the game.<sup>1</sup>
- Dark Web Monitoring for gamer tags and personal info. We monitor and notify you if we find your personal information on the dark web including your gamer tags, usernames and email addresses.<sup>2</sup>
- PC Notification Optimization & Full-Screen Detection Mode<sup>3</sup> We'll notify you if you are under attack, your protection is at risk, or you aren't using a feature you're entitled to use. You get fewer notifications and more control over product reminders. If you're in Full-Screen Mode, all but critical security alerts are silenced.

No one can prevent all cybercrime or identity theft.

1-Only available on Windows (excluding Windows 10 in S mode, Windows running on ARM processor) with 4 or more core processors.

2-Feature defaults to monitor your email address only and begins immediately. Sign in to your account to enter more information for monitoring.

3-To suppress most alerts for Windows, full-screen mode must be in use.
